## Jaipur Attractions

**Amber Fort :** The legendary Amber Fort is a seven centuries old Rajputana palace located around 11 kilometers away from Jaipur. Recognized as a UNESCO World Heritage Site, it is among the most magnificent architectural wonders of India. Set up on the Aravalli hills, the Amber fort (also known as Amer Fort) was constructed by Raja Man Singh I in 1592 and was completed by Mirja Raja Jai Singh.

**City Palace :** Located in the heart of the old city, the City Palace, comprises magnificent courtyards, gardens, cenotaphs, and royal buildings. It was conceived and built by the founder of Jaipur, the Rajput King Maharaja Sawai Jai Singh II, and expanded by the rulers who inhabited it later.

The palace has elements of Rajput, Mughal, and European architecture intricately put together to exude opulence.

**Jain Temple Sanganer:** The whole of the temple is made of red stone with attractive images carved. The beautiful nij-mandir (inner temple) is a stone shrine with three pinnacles. In the centre is an idol of Parshwanath with 7 serpent hoods. All around it, are carvings of lotuses, creepers and elephants pouring water from pitchers held in their trunks. But the main idol is that of Adinath, installed in the shrine behind this.

**Hawa Mahal:** The most iconic landmark of Jaipur, Hawa Mahal is a 200-year-old monument in the heart of the city. Famous for its unique honeycomb design and Indo-Islamic architecture the five-storeyed palace has 953 lattice work windows. It was built in 1799 by Maharaja Sawai Pratap Singh as a summer palace, painted in pink and adorned with floral motifs, dome-shaped arches, and patterned pillars.

**Jal Mahal:** Located 4 kilometer away from Jaipur, Jal Mahal is one of the most popular landmarks of the city. It was built in 1750 by Maharaja Madho Singh as a lodge and hunting retreat. The symmetrical five-story structure of the palace is set in the middle of an artificial lake known as Man Sagar Lake. The mesmerizing view of the beautiful palace against the backdrop of Aravalli hills and its reflection in the serene lake waters lures thousands of tourists from across the world. Jal Mahal is also recognized as the most photographed structure of India.

**Nahargarh Fort :** defending Jaipur against attacking enemies. Within its walls, the fort houses Madhavendra Bhawan, the summer destination for the members of the royal family. Built by Sawai Madho Singh, the palace has 12 matching boudoirs for the queens, at the head of which is a suite for the king. They are all connected by corridors decorated with delicate murals. The fort looks brilliant when floodlit at night.

**Shri Govind Ji Temple** Shri Govind Dev Ji temple of Jaipur including carving of Shri Govind Dev Ji idol by Brijnabh (great grandson Shri Krishna), establishment of Shri Govind Dev Ji temple in Vrindavan, hiding of idol due to attacks of invaders on temples, re-finding of idol by disciples of Shri Chetanaiya Mahaprabhu, bringing of Shri Govind Ji idol by King of Jaipur, establishment of Shri Govind Ji Temple in Jainiwas Udhyan (Jaipur)
