Institutional Innovation Council (IIC)

VISION: Institutions Innovation Council (IIC) at GRIP is committed to encourage, protect, manage and commercialize intellectual properties such as Patent, Copyright, Trademark *etc.* generated through the college. The council also creates conducive environment in the academics for the development of entrepreneurship spirit among stakeholders.

MISSION: The elementary goal of the Institutions Innovation Council (IIC) is to make students and faculty members of GRIP familiar with IPR and Entrepreneur promotion.

Institutions Innovation Council (IIC) at institute is a unique model based on Hub-Spoke and coherence approach to align with the innovation and entrepreneurship promotion and support programs are being organized by various departments and ensures round the year activities in campus for effective engagement, learning and practicing innovation and entrepreneurship among student and faculty community. Ideally, Institution Innovation Council is a faculty led but student centric body formed by the institute with active representation of entrepreneurial faculties, students and expert's representations from regional ecosystem enablers, pre incubation and incubation centres within and outside the institute and work in synergy manner towards to provide platform to encourage, inspire and nurture young students by exposing them to new ideas and process of resulting in innovative activities & entrepreneurial in their formative years. Institution Innovation Council plays an instrumental role in building and streamlining innovation and start-up ecosystem at institutional level. The operational model of IIC has inbuilt incentive system of measurement, rating, promoting and rewarding of best performing IICs and innovations coming out of IICs efforts to promote healthy competitions among institutions to build a strong and vibrant innovation and start-up ecosystem in campus.
